

This is in regards to a recent notice that the FCC is wanting to do to expand the new FPFM stations. I want to strongly urge you not to do this. We as a family listen to only K-Love in our cars and in our home. We absolutely love listening to this radio station and it serves us well as a resident of Wilmington as well as a large group in our church. I know we pray for K-Love as a church because we know the impact that it has on our community. I am not sure what I will listen to if it is replaced. I guess my CD's. I believe that the service provided by K-Love is in the public interest, because it touches so many lives. All that the spokespeople say and do is a strong part in our community. I strongly suggest that leaving K-Love on the air is the best thing to do for many cities around the U.S. Thank you for your time.
